

MRT INFORMATION DISCLOSURE

On Monday, September 29, 2008, before 11:00 a.m., MRT inadvertently disclosed non-public information regarding one of its Customers to its Marketing Affiliate, CenterPoint Energy Services, Inc. ("CES"). A letter intended for MRT was inadvertently delivered via interoffice mail to CES and opened by a CES administrative employee. The original letter was immediately forwarded by CES to the intended MRT recipient. MRT has attempted to contact the Customer to inform it of this disclosure and obtain direction as to whether MRT should post such disclosed information on its Internet web site; however, as of this time, MRT has been unable to reach the Customer. Because the letter contained information that MRT believes the Customer would consider sensitive, MRT is making no further disclosure of such information at this time. In the event that the Customer instructs MRT to post the disclosed information, MRT will update this posting. Although the information disclosed is not information that would provide any commercial advantage to any entity, MRT's Chief Compliance Official has instructed the Vice President of Marketing to contact the Senior Vice President of CES and instruct him that the information is confidential and not to be used to the commercial advantage of any Marketing Affiliate.
